

Web Interface

Web Based Trainings and How To documents can be accessed from a home computer by logging in to the web interface remotely.

1. Open up an internet browser, in the address line type in applications.med.utah.edu
 - a. First time home access users must download the appropriate Citrix client software. To do this click on the link “**Click here to obtain the client software**” on the front page of the web interface screen
2. Log into the web interface by providing the users **UNID** and **Network Password**

A screenshot of a web browser window showing a login form. The window title is "Log in" and it has a help icon in the top right corner. The form contains two input fields: "User name:" and "Password:". Below the password field is a link that says "Advanced Options >>>". At the bottom of the form is a "Log In" button.

3. Click the **Internet Explorer** icon from the Applications list. Selecting the internet explorer from the web interface will allow you to access the University Intranet.
4. On the left side click the “**Training & Education**” link.
5. Click the <http://healthcare.utah.edu/education> link and the CPOE Web Based Training and How to document site will load.
