

Citing the Cancer Center Support Grant (CCSG) and/or Huntsman Cancer Foundation (HCF) in Publications

The CCSG should be cited* in publications when [Cancer Center Managed Shared Resources](#) have been used in support of the research being published.

"Research reported in this publication utilized XXX Shared Resource and was supported by the National Cancer Institute of the National Institutes of Health under Award Number P30CA042014. The content is solely the responsibility of the authors and does not necessarily represent the official views of the NIH."

The CCSG and HCF should be cited* in publications that result from HCI Program or DOT funding of pilot projects.

"We acknowledge the direct financial support for the research reported in this publication provided by the Huntsman Cancer Foundation and the [Program Name] Program(s) at Huntsman Cancer Institute; we also acknowledge support by the National Cancer Institute of the National Institutes of Health under Award Number P30CA042014. The content is solely the responsibility of the authors and does not necessarily represent the official views of the NIH."

HCF should be cited in publications that result from research and/or faculty funded partially or in full by Huntsman Cancer Institute.

"The research reported in this publication was supported by Huntsman Cancer Foundation."

* Please note the distinction between citing the CCSG on a manuscript and officially associating it with the CCSG grant within the National Institutions of Health Manuscript Submission (NIHMS) or My Bibliography. In these contexts, though research was done in conjunction with the CCSG, it was not directly funded by the CCSG; as such, NIH public access policy is not applicable.
