

Rotation Name: Ambulatory / Faculty (Elective)

Rotation Preceptors: Brandon Jennings, PharmD

Site Description: University of Utah Health Care Redwood Clinic, University of Utah College of Pharmacy

Rotation Description: Residents work in the Redwood Clinic assisting with MTM activities. Additionally, the resident assists the faculty member with any class, lab, or small group sessions. Residents attend any faculty meetings.

RLS Goals

E5.1 Understand faculty roles and responsibilities.

E5.2 Exercise teaching skills essential to pharmacy faculty.

Custom 1. Demonstrate clinical knowledge in the primary care setting working with diabetes, hypertension, hyperlipidemia, and other primary care disease states.

Custom 2. Evaluate the collaborative practice agreements currently in use at the Redwood Center Pharmacy in order to develop these if necessary in future pharmacy practice experiences.

Activities Evaluated:

Rotation Activity	RLS Goal	Teaching Methods
Critically evaluate each patient's medication profile to ensure proper use of the medications as described.	Custom 1	Modeling Coaching Facilitation
Assist in developing a case, lecture, or small group discussion for students at the College of Pharmacy	E5.2	Modeling Coaching Facilitation
Attend any faculty-related meetings	E5.1	Instruction Modeling
Evaluate a collaborative practice agreement currently in use at the Redwood Clinic.	Custom 2	Coaching Facilitation

Readings and Preparatory Work:
