

# Orthopaedics

The Department of Orthopaedics is dedicated to relieving pain, improving function, and restoring quality of life to the individuals who suffer from musculoskeletal injury or disease. We accomplish these goals by providing the most advanced clinical and surgical orthopaedic patient care, offering superior orthopaedic education and training, and conducting innovative research.

**Department Chair**  
**Charles L. Saltzman, M.D.**

## SPECIALTIES

- **Adult Reconstruction**
- **Foot and Ankle**
- **Hand, Wrist, Elbow and Microvascular**
- **Pediatric Orthopaedics**
- **Physical and Rehabilitation Medicine**
- **Sarcoma and Surgical Oncology**
- **Spine**
- **Sports Medicine**
- **Trauma**

## CONTACT INFORMATION

### **Appointments (excluding spine)**

(801) 587-7109

### **Appointment (spine)**

(801) 587-5451

### **Physician Referral**

(801) 581-BONE (2663)

### **General Information**

(801) 587-7100

### **Clinical Fax**

(801) 587-7111

### **Department of Orthopaedics**

#### **Academic Office**

(801) 587-5404

#### **Academic Fax**

(801) 587-5411

## **PATIENT TRANSFER CENTER**

**1-877-ADMIT-2-U (1-877-236-4828)**

### **Adult Reconstructive (801) 587-7109**

Harold K. Dunn, M.D.  
Aaron A. Hofmann, M.D.  
Christopher L. Peters, M.D.

- Arthritic conditions
- Arthroplasty of the hip and knee
- Congenital abnormalities of the hip and knee
- Operative joint replacement
- Traumatic injuries

### **Foot and Ankle (801) 587-7109**

Timothy C. Beals, M.D.  
Florian Nickisch, M.D.  
Charles L. Saltzman, M.D.

- Adult flatfoot deformities
- Amputations
- Arthritic conditions
- Arthroscopic treatments
- Diabetic foot problems
- Neuromuscular disorders
- Operative and non-operative management of traumatic injuries
- Sports injuries
- Tendon and ligament problems and deformity

### **Hand, Wrist, Elbow and Microvascular (801) 587-7109**

Don A. Coleman, M.D.  
Douglas T. Hutchinson, M.D.  
Charles L. Sullivan, M.D.  
Angela A. Wang, M.D.

- Bone and joint problems
- Brachial plexus
- Congenital hand differences
- Free tissue transfer
- Soft tissue injuries
- Sports injuries
- Tumors, rheumatoid surgery
- Vascular and nerve abnormalities (carpal tunnel)

### **Pediatric Orthopaedics**

*Primary Children's Medical Center*

#### **(801) 662-5600**

Stephen K. Aoki, M.D.  
Stephanie M. Holmes, M.D.  
Douglas T. Hutchinson, M.D.  
Kevin B. Jones, M.D.  
Joshua W. Klatt, M.D.  
R. Lor Randall, M.D.  
John T. Smith, M.D.  
Peter M. Stevens, M.D.  
Alan K. Stotts, M.D.

#### **Affiliated Physicians**

Kristen L. Carroll, M.D.  
Jacques D'Astous, M.D.  
Theresa A. Hennessey, M.D.  
James W. Roach, M.D.  
Stephen D. Santora, M.D.  
Marcella R. Woiczik, M.D.

- Adolescent
- Benign and malignant tumor conditions of soft tissue and bone
- Cerebral palsy
- Complex foot problems
- Congenital deformity
- Congenital hand surgery
- Elbow and wrist disorders
- Hip disorders
- Limb reconstruction
- Metabolic bone disease
- Neuromuscular disease
- Osteogenesis imperfecta
- Scoliosis
- Skeletal growth abnormalities
- Spinal deformity
- Traumatic injuries and fractures

### **Physical and Rehabilitation Medicine**

#### **(801) 587-7109**

Pamela A. Hansen, M.D.  
Richard W. Kendall, D.O.  
Stuart E. Willick, M.D.

- Aquatic therapy
- Fabrication of splints and orthotic devices

- Massage therapy
- Non-surgical injury treatment
- Physical, sports and occupational therapy
- Prevention/health maintenance programs

### **Sarcoma and Surgical Oncology**

R. Lor Randall, M.D., *Director*  
Kevin B. Jones, M.D.

#### **Adult**

(801) 585-5418

#### **Pediatric**

(801) 662-5600

#### **Pediatric Hematology/Oncology**

(801) 662-4700

- Atypical arthritides
- Atypical bone and soft tissue infections
- Benign and malignant tumor conditions of soft tissue and bone
- Metabolic bone disease
- Metastatic bone disease
- Osteonecrosis
- Pseudotumors

### **Spine**

**(801) 587-5451**

Darrel S. Brodke, M.D.  
Michael D. Daubs, M.D.  
Alpesh A. Patel, M.D.

- Arthritis and disc disease of the neck and back
- Cervical and lumbar herniations
- Disorders of the cervical, thoracic and lumbar spine
- Non-surgical problems of the neck and back
- Revisions and reconstructive spine surgery
- Scoliosis
- Spine conditions in athletes
- Tumors, infections and trauma

### **Sports Medicine**

**(801) 587-7109**

Stephen K. Aoki, M.D.  
Robert T. Burks, M.D.  
Patrick E. Greis, M.D.  
David J. Petron, M.D.  
Amy P. Powell, M.D.  
Robert Z. Tashjian, M.D.

- Arthroscopic knee surgery
- Fractures
- Joint instability
- Ligament reconstruction
- Operative fracture treatment
- Rotator cuff tears
- Running injuries
- Shoulder replacement surgery
- Soft tissue injuries
- Tendonitis
- Training and injury prevention
- Women's medicine service
  - Athletic spine injuries
  - Eating disorders in athletes
  - Exercise in pregnancy
  - Osteoarthritis and osteoporosis

### **Trauma**

**(801) 587-7109**

Erik N. Kubiak, M.D.  
Thomas F. Higgins, M.D.  
Daniel S. Horwitz, M.D.

- Acute injuries
- Calcaneal and Lisfranc fractures
- Chronic non-unions
- Complex articular fractures
- Leg-length discrepancies
- Pelvic and acetabular fractures
- Post-traumatic reconstruction
- Traumatic musculoskeletal injuries
