

You need regular blood tests to see if your warfarin is working and to keep you safe. Each time you get a PT/INR blood test put the result on this log.

Take this log with you when you go to the pharmacy to get more warfarin or when you go to see your health care providers.

Your Name:

Name of the person who is taking care of you for your warfarin:

Phone number of the person who is taking care of you for your warfarin:

Thrombosis Service (24-hour pager): **1-800-783-3735**
