

Referral of patient who has:

1. No PCP

Or

2. A PCP that is not part of the University of Utah Health Care System

**Patient has
no PCP**

Refer patient to University Health Care provider if you want warfarin managed within health system, or find PCP willing to manage warfarin

**Patient has non-
UHC* PCP**

Call PCP and request they manage patient's anticoagulation.

If PCP unwilling to manage warfarin, Refer patient to University Health Care provider if you want warfarin managed within health system, or find PCP willing to manage warfarin

**After hours (Mon through Fri 5 PM – 9 AM,
weekends, and on holidays):**

No change in process, but you are responsible for managing patient's anticoagulation until referral made and confirmed.

*UHC: University Health Care
