Description:

- A. Financial Assistance is defined as care for which patients/guarantors demonstrate inability to pay for services rendered or can only partially pay for services rendered. Any payment made prior to the application for Financial Assistance would not be included since the ability to pay has previously been demonstrated. U of U Health uses a sliding scale for

assistance based upon FPL income* that will not exceed 300% of FPL income to determine if assistance is partial or full. Financial assistance approval is based upon verification of family income, family size and established due diligence process.
