CURRICULUM VITAE

MARIO RENATO CAPECCHI Professor

Date and Place of Birth:	October 6, 1937 - Verona, Italy
Citizenship:	U.S.
Phone:	(801) 581-7096
Fax:	(801) 585-3425
E-mail:	mario.capecchi@genetics.utah.edu

Degrees:

B.S. Antioch College, Yellow Springs, Ohio, 1961, Chemistry and Physics
Ph.D. Harvard University, Cambridge, Massachusetts, 1967, Biophysics

Positions Held:

1969-1971	Assistant Professor, Harvard Medical School
1971-1973	Associate Professor, Harvard Medical School
1973-present	Professor of Biology, University of Utah
1982-present	Adjunct Professor of Oncological Sciences, Division of Molecular Biology and Genetics, University of Utah School of Medicine
1988-present	Investigator of the Howard Hughes Medical Institute
1989-present	Professor of Human Genetics, University of Utah School of Medicine
2002-present	Co-Chairman of the Department of Human Genetics, University of Utah School of Medicine

Honors and Awards:

Junior Fellow of the Society of Fellows, Harvard University, 1967-69
American Chemical Society Award in Biochemistry, 1969
Established Investigator of the American Heart Association, 1969-72
America's Ten Outstanding Young Men Award, 1971
National Institutes of Health Career Development Award, 1972-74
American Cancer Society Faculty Research Award, 1974-79
Taught Cold Spring Harbor Summer Course on Microinjection and DNA Transfection, 1984, 1985
Chairman of the Gordon Conference on Molecular Genetics, 1986
Distinguished Research Award, University of Utah, 1987
Chairman of Banbury Conference on Developmental Genetics, Cold Spring Harbor, 1989
Member of the National Academy of Sciences, 1991-present
Recipient of NIH MERIT grant award, 1992 to 2001
Recipient of the Fifth Annual Bristol-Myers Squibb Award for Distinguished Achievement in Neuroscience Research, 1992
Recipient of the 1993 Gairdner Foundation International Award for Achievements in Medical Science
Distinguished Professor of Human Genetics and Biology, University of Utah, 1993-present
Recipient of the 1994 General Motors Corporation's Alfred P. Sloan Jr. Prize for Outstanding Basic Science Contributions to Cancer Research
Recipient of the 1996 Molecular Bioanalytics Prize, Germany

Laureate of the 1996 Kyoto Prize in Basic Sciences
Recipient of the 1997 Franklin Medal for Advancing Our Knowledge of the Physical Sciences
Feodor Lynen Lectureship, 1998 Miami Biosymposium
Recipient of the 1998 Rosenblatt Prize for Excellence
Recipient of the 1998 Baxter Award for Distinguished Research in the Biomedical Sciences, Association of American Medical Colleges
Helen Lowe Bamberger Colby and John E. Bamberger Presidential Endowed Chair in the Health Sciences Center, University of Utah, 1999
Phi Kappa Phi National Honor Society, 1999
Lecturer in the Life Sciences for the Collège de France, 1999-2000
Recipient of the 2000 Horace Mann Distinguished Alumni Award, Antioch College
Recipient of the 2000 Premio Phoenix-Anni Verdi for Genetic Research Award, Italy
Recipient of the 33rd Jiménez-Diáz Prize for Contributions to Medical Genetics, Spain, 2001
Recipient of the 2001 Pioneers of Progress Award
Recipient of the 2001 Albert Lasker Award for Basic Medical Research
Elected to the rank of Fellow of the American Association for the Advancement of Science, 2001
Recipient of the State of Utah Governor's Science and Technology Award, 2002
Laureate of the 2001 National Medal of Science
Recipient of NIH MERIT grant award, 2002 to 2011
Recipient of the 2002 John Scott Medal Award
Recipient of the 2002 Shaul and Meira Massry Foundation Prize
Elected to the European Academy of Sciences, 2002
Recipient of the 2003 Pezcoller Foundation-AACR International Award for Cancer Research
Recipient of the 2002/03 Wolf Prize in Medicine
Recipient of an Honorary Degree of Doctor of Medicine, University of Florence School of Medicine, Italy, 2004
Recipient of the 2005 March of Dimes Prize in Developmental Biology

Teaching Responsibilities:

Biochemistry
Cell Biology
Developmental Genetics
Eukaryotic Genetics
Genetics
Molecular Biology

Memberships/Services:

Member of the American Biochemical Society, 1969-present
Member of the American Society for Biochemistry and Molecular Biology, 1969-present
Member of the National Science Foundation Advisory Panel on Genetics, 1975-1980
Member of the National Institute of Health Advisory Panel on Mammalian Genetics, 1981-85
Member of the Utah Regional Cancer Center, 1985-present
Member of the American Association for the Advancement of Science, 1987-present
Member of the Science Innovation Program Committee, 1991-present
Member of the American Society for Microbiology, 1994-present
Charter Fellow of the Molecular Medicine Society, 1994-present
Member of the New York Academy of Sciences, 1995-2003
Member of the Advisory Panel for the European Molecular Biology Laboratory, Heidelberg, Germany, 1995-present

Member of the Genetical Society, 1997-2000
Member of the Society for Developmental Biology, 1997-present
Member of the International Mammalian Genome Society, 1997-2003
Member of the Board of Scientific Counselors, NCI, 1997-2001
Fellow of the American Academy of Microbiology, 1997-present
Member of the Genetics Society of America, 1998-present
Honorary and Lifetime Member of the American Society of Hematology, 2000-present
Member of the American Society for Clinical Investigation, 2001-present
Member of the Editorial Boards of:
Somatic Cell and Molecular Biology, 1982-present
DNA, 1982-present
Molecular and Cellular Biology, 1985-present
Bio Essays, 1985-present
Technique, 1989-present
Mechanisms of Development, 1990-present
Neurobiology of Disease, 1994-2000
Molecular Medicine, 1994-present
Cell Structure and Function, 1994-present
Developmental Biology, 1995-2001
FASEB Journal, 1996-1999
The inScight Editorial Board (Academic Press), 1998-present
Proceedings of the National Academy of Sciences, 1998-2000
Rejuvenation Research, 2004

Reviewer for Cell, Current Biology, Development, Developmental Biology, Developmental Dynamics, EMBO Journal, FASEB Journal, Genes and Development, Journal of Biological Chemistry, Molecular and Cellular Biology, Nature, Nature Genetics, Proceedings of the National Academy of Sciences, Science, Trends in Genetics, Trends in Neurosciences

Publications:
