Between 6:00 a.m. and 8:00 p.m. two lanes eastbound and one lane westbound will be accessible. However, individuals using this road can expect gravel road conditions, uneven lanes and speed limits as low as 15 MPH. Patients and visitors are encouraged to use alternate routes when possible and to plan extra time in their commute.

During nighttime hours, one lane of eastbound traffic will be available. All westbound traffic will be diverted to Mario Capecchi Drive.
