Advanced Trauma Care for Nurses
2021

The hybrid ATCN Course is taught with Advanced Trauma Life Support® (ATLS) Course online modules. The ATCN skill stations are based on an interactive “hands-on”, scenario-based approach to adult education. The practical testing stations allow the ATCN students to demonstrate the application of ATLS and ATCN information. Benefits of the ATCN Course include an educational, team building, collaborative, synchronized approach to trauma care. Providers and nurses caring for trauma patients can share a common language and approach to trauma care.

The ATCN course was developed in response to a need for advanced trauma education for nurses. The ATCN course has been operational for over twenty five years and is under the auspices of the Society of Trauma Nurses (STN). STN is a professional, international nursing organization that spans the continuum of trauma care.

ENROLLMENT:
ATCN is offered to Registered Nurses only.

CANCELLATION/NO SHOW POLICY:
If after registration the need arises to cancel attendance, this must be done in writing at least 14 days prior to the course. Full refunds will not be given. No refund will be given for course materials and “no shows”.

PAYMENT:
Participant fee is $375.00 per person. Tuition includes ATLS manual 10th edition, ATCN manual 8th edition, and lunch.

GENERAL:
Course material will be sent to your registration address 4-6 weeks prior to the course. Plan to attend the full course, 7:00 am to 6:00 pm.

CEU:
Upon completion of the course evaluation, a CEU certification and course completion card (valid for 4 years) will be emailed to you by the Society of Trauma Nurses. Please ensure that your information is correct on your registration form.
