2020 Utah ATLS Courses

February 28-29 (two-day only) University of Utah, Salt Lake City
February 29 (refresher only) Utah Valley Hospital, Provo
March 13-14 (combined) Intermountain Medical Center, Murray
April 11 (refresher only) University of Utah, Salt Lake City
May 9 (refresher only) Intermountain Medical Center, Murray
May 22-23 (two-day only) University of Utah, Salt Lake City
July 10-11 (two-day only) University of Utah, Salt Lake City
August 14-15 (combined) Intermountain Medical Center, Murray
September 19 (refresher only) University of Utah, Salt Lake City
October 9-10 (two-day only) Utah Valley Hospital, Provo
November 6-7 (two-day only) University of Utah, Salt Lake City
December 4-5 (combined) Intermountain Medical Center, Murray

Combined Two-Day and Refresher Course
The two-day combined course runs all day Friday and Saturday, typically starting at 7:30am both days. The refresher section begins at 8:30am on Saturday. The standard two-day course is limited to 16 two-day students and 8 refreshers.

Two-Day Only Course
The two-day only course runs all day Friday and Saturday, generally starting at 7:30am and ending about 5:00pm both days. The standard two-day course is limited to 16 students.

Refresher Only Course
The refresher only course is offered on Saturday morning and has openings for 16 half-day refreshers. To qualify for the refresher course, your ATLS must be no more than six months past its expiration. The refresher only course starts at 7:30am on Saturday and will end by early afternoon.

Auditors
Auditors, usually EMTs, paramedics, and nurses, are welcome to register for the two-day course but receive a certificate of attendance, not an ATLS card. Nurses might consider registering for the Advanced Trauma Course for Nurses (ATCN) than runs in conjunction with the ATLS course. Contact the University of Utah or Intermountain Medical Center trauma services for dates.

All 2020 courses will use the 10th edition ATLS manual. The 10th edition ATLS course replaces traditional lectures with interactive discussions and student engagement is expected. In addition, the skills stations are taught through unfolding case scenarios. Students should be familiar with the content before the course begins.
2020 ATLS Registration Form

Name

☐ MD  ☐ DO  ☐ PA-C  ☐ APRN  ☐ Nurse  ☐ EMT/Paramedic  ☐ Other  _____________
☐ MD (resident)  ☐ DO (resident)

Mailing Address (home address preferred)

Phone

Email

Specialty (area of practice)

Check the course type you will attend.

☐ Two-day course Credit Card $825  Discounted fee if paying by check $800
☐ Auditor two-day Credit Card $415  Discounted fee if paying by check $400
☐ Refresher ½ day Credit Card $415  Discounted fee if paying by check $400

If refresher, when does your ATLS expire?

☐ I will pay by credit card. You will receive an invoice and receipt from PayPal.
☐ I will pay by check. Mail check to address on the invoice. You will receive an email receipt.

☐ December 4-5 (combined) Intermountain Medical Center, Murra

Scan/email your registration to UtahATLS@gmail.com Be sure to complete each field. Once your registration has been received, you will receive a confirmation and an invoice from PayPal or Utah ATLS depending on payment method. If you do not receive a registration confirmation within a few days, please email UtahATLS@gmail.com. Be sure to email me to confirm space is available in the course before you mail your registration and payment.
Cancellation
You may cancel your registration up to five weeks prior to the first day of the course and receive a full refund. If cancellation is made within five weeks of the course, you will not receive a refund and your registration will not be transferred to another course. A course may be canceled if fewer than 12 applications have been received within two weeks of the course date, although no Utah ATLS course has ever been cancelled. If cancellation occurs, you will receive a full refund and your application will be given first priority should you decide to enroll in another course.

Registration is on a first-come, first-served basis; registration is not complete until payment has been received. The registration fee includes the 10th edition ATLS manual, continental breakfast, and lunch. You will receive an email confirmation once your registration is complete and additional email reminders closer to the date of the course.
Course Description

The Advanced Trauma Life Support (ATLS)™ Course combines discussion and practical experience to teach participants how to establish priorities and stabilize the critically injured patient. During the two-day course, students will have the opportunity to practice their assessment techniques and their management of simulated patients in a surgical skill practicum.

Course Objectives

Upon completion of the ATLS course, participants should be able to

1) Assess the patient’s condition rapidly and accurately;
2) Resuscitate and stabilize the patient according to priority;
3) Determine if the patient’s needs exceed a facility’s capacity;
4) Arrange appropriate hospital transfer for the patient;
5) Assure that optimum care is provided.

Course Content

Discussion

- Initial assessment
- Airway and Ventilatory Management
- Shock
- Thoracic Trauma
- Abdominal Trauma
- Head injuries
- Spine and Spinal Cord Trauma
- Musculoskeletal
- Injuries Due to Burns and Cold
- Extremes of Age in Trauma
- Trauma in Women
- Transfer to Definitive Care

Skills Stations

- Basic Airway
- Advanced Airway
- Breathing
- Circulation
- Initial Assessment
- Secondary Survey
- Disability
- Adjuncts

The 10th edition ATLS format now includes skills stations for refreshers.
